Cheer Jo Jo,

I will write in English because you can read it better than I can write French.

All goes well in England. Saturday I am meeting with Bryan, Alan Fosse, and a couple of other people to discuss formation of a group of scientists. They will be affiliated with the CUFOS, I hope. We talked about these same ideas when I was chez toi.

I have arranged a meeting with Bernard Delan and CONTACT (UK) to discuss my trip. I mentioned that I knew of a UFO researcher with many photographs and Delan expressed interest in buying some. Perhaps you would like to sell some of your duplicate

photos, slides, or those photos you don't need. This is an opportunity for you to make some money and get rid of old or unwanted photos. Please write to me and let me know if you desire to sell and how much money for each photo or slide. Delair wants these photos for lectures and the CONTACT (UK) files.

I wrote to CUFOS and requested a letter of support for you and your work in France, as ~~it~~ ~~we~~ we talked about. I have also asked for a copy of the AIAA symposium proceedings and a copy of Saunders' paper at the MUFOW symposium.

I hope that your work in UFO's

and at school is going very well.  
I will ask Bryan Jeffery if he  
wants to go to France in June  
with me and his sister and meet  
with you again. If we are coming,  
I'll inform you soon by letter.

Say hello to everybody in  
your family for me.

Regards,  
Mark
