Dear Dr Fernandez

Thank you very much for your letter received here two days ago. Our Secretary, Miss O'Keefe, tells me she has sent you already a specimen copy of our Journal, and some information about the Society.

We should be interested about arranging an exchange between your Journal and ours, and look forward to receiving a specimen copy of the former. We cannot grant leave to copy every article we print, as authors sometimes reserve copyright, and have to be consulted. If you would be so kind as to let me know the name of each individual paper you wish to translate and publish, however, I do not think there would, in practice, be many difficulties.

Do tell me, is your present address that of the Centre National de la Recherche Scientifique? They used to write to me in French, I do in fact read it easily as quickly as I do English, but I should have to reply in my "langue maternelle", as I do not write very fast in French!

With all good wishes
Yours sincerely
Ruth Haynes
